Snap Poll # 6 – Financing housing choices

Summary:

This snap poll sought Western Australian’s sentiment around financing their housing choices. Of the 177 responses, 59 per cent of the households have two working adults with no children (57 per cent). Half of the respondents have an annual gross household income of \$105,000 to \$200,000.

Respondents rated their rent/mortgage and living cost as being fairly affordable; however, the biggest financial barrier to accessing housing of their choice were the costs of moving (34 per cent), high rental or house prices (32 per cent), and the general cost of living (28 per cent).
