

Emergency dental services for people with disability and complex needs during the coronavirus pandemic

North Perth Metropolitan Special Needs Dentist is currently available for emergency dental treatment.

If you have previously been a patient or require information about how to register as a patient, please **phone 9201 9889**.

General dental clinics operate throughout the metropolitan area and in country areas. They provide subsidised general and emergency dental care for:

- people aged 17 and over
- people who hold a current Health Care or Pension Concession Card
- Children aged 0 to 4 whose name appears on their parent's Health Care or Pension Concession Card are also eligible to attend a general dental clinic for care.

For more information about general dental services, click on the link [Government of Western Australia, Department of Health, Dental Health Services](#).
