

**Message from  
Community Sector Partnership Team**

Department of Communities

Hello everyone

We'd like to inform you that our Interim Director Sector Partnerships, Penny Kennedy, will be on leave for the school holiday period (6-17 July inclusive).

If you have any queries for the Community Sector Partnership Team, please email [sectorsupport@communities.wa.gov.au](mailto:sectorsupport@communities.wa.gov.au) or you can contact Leah Doherty at [leah.doherty@communities.wa.gov.au](mailto:leah.doherty@communities.wa.gov.au) should you wish to get in touch.

Please see below some COVID-19 updates and resources that you might find useful. We encourage you to share with this information with your networks.

- **State Recovery Plan**

As you may recall from the last Community Sector Partnership Team update, Communities is the lead agency for the COVID-19 social recovery, as part of the State Recovery Plan.

In recent weeks, Communities has captured insights from ministerial roundtables, vulnerable cohort taskforces and pre-existing engagement mechanisms to draft a social recovery sub-plan to feed into the overall State recovery plan. This included work to:

- identify already-funded and policy initiatives aligned to social recovery
- analyse feedback from consultations on positive and negative social impacts
- identify challenges, opportunities and 'quick wins' to address unmet needs
- develop initiatives that will support recovery over the next six months, and
- identify initiatives that will support recovery over the longer term.

This work will inform the development of the overall State Recovery Plan and Impact Statement.

- **Contributing to WA's recovery with iThink**

The iThink challenges closed on 26 June. Communities is reviewing all ideas and submissions related to the social recovery area. Thank you to everyone who promoted this platform with your colleagues and networks.

- **WA Phase 4 roadmap to recovery**

The gathering restrictions were relaxed even further from 27 June 2020 as part of Phase 4 of the [COVID-19 WA roadmap](#). Phase 5 is planned to be introduced on 18 July 2020.

Despite the easing of restrictions, Western Australians must remain vigilant of COVID-19 and continue to maintain physical distancing and healthy hygiene.

- **Information for remote Aboriginal communities**

The Department of Communities and Department of Premier and Cabinet have established a dedicated [COVID-19 page](#) for remote Aboriginal communities that contains general information and messages in language about COVID-19 and available support services.

- **Culturally appropriate resources for Aboriginal communities**

The Mental Health Commission has created a dedicated [COVID-19 page](#) on the [Strong Spirit Strong Mind website](#) that contains culturally appropriate information for Aboriginal communities on topics such as symptoms of Coronavirus, social distancing and good hygiene practices.

Posters can be downloaded for use by service providers, for display in physical locations or on websites, in newsletters or local newspapers. A request can also be made for hard copies of the posters by [completing an order form](#).

- **Physical distancing video**

The NDIS has [released a video](#) which talks about the importance of physical distancing for people with disability as well as the part we all play in keeping each other safe.

- **Wearing PPE for disability support workers video**

A 'COVID-19 wearing personal protective equipment for disability support workers' video (and transcript) is available on the [Australian Government Department of Health website](#) and social media channels.

- **Return to school for students with disability**

The Australian Government Department of Health has published a [Return to School for Students with Disability COVID-19 Risk Management Plan](#), which is an optional resource for parents and carers.

- **Nation-wide actions for access to public transport**

The Australian Government Department of Health has shared the attached summary of state and territory arrangements for public transport (as at 3 June 2020).

- **National disability information helpline report**

The Australian Government Department of Health has also shared the attached report on the Disability Information Helpline (week ending 17 June 2020).
